21<sup>st</sup> October 2016

Dear Mr Foxe,

I refer to the request which you have made under the Freedom of Information Act 2014 for access to invoices associated with cars purchased in 2015 by the Department of Foreign Affairs and Trade.

I refer also to the acknowledgement of your request which was sent to you on 30<sup>th</sup> September.

I have identified 10 records that fall within the scope of your request. The records are listed in the schedule attached. I have made a decision to grant all of the records.

The Department purchases cars for missions abroad which facilitate the functioning and operations of the mission. These cars are owned by the Department.

Mission staff are required to undertake a good deal of travel in the performance of their official functions. This ranges from city journeys throughout the day and in the evening to long journeys of up to several hundred miles by road. As well as demanding schedules, in many cases there are also issues related to limited availability of public transport, security considerations etc. Official vehicles also provide an important logistical support to Missions.

The purchase of official vehicles is carried out locally in accordance with sanction from Headquarters and is based on a competitive process to ensure that the market is tested and the most cost-effective option is selected.

It is the Department's policy that official cars are only be purchased or replaced if necessary, e.g. where there are security or safety considerations; or the cost of maintenance/operating costs are no longer economical. When sanctioning the purchase of vehicles for missions abroad, consideration is given to the climate, terrain, safety and security issues which prevail in the country.

There was a higher level of vehicle purchases in 2015 as the Department replaced a number of older vehicles (see table below), the replacement of which had been deferred from earlier years because of the difficult budgetary situation pertaining at that time.

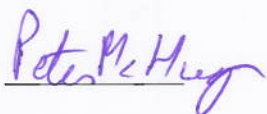

Mission	Date of Transaction	Notes
Ramallah	21/12/15	Part Payment for armoured vehicle (required for security reasons), replacing vehicle purchased in 2005.
Abu Dhabi	30/07/15	Replacing vehicle purchased in 2009.
Riyadh	12/02/15	Replacing vehicle purchased in 2005.
Bangkok	20/08/15	New mission.
Ankara	22/10/15	Replacing vehicle purchased in 2007.
Shanghai	07/12/15	Replacing vehicle purchased in 2009.
Stockholm	03/12/15	Replacing vehicle purchased in 2007.
Beijing	18/12/15	90% balance payment for vehicle, replacing vehicle purchased in 2006.
Oslo	26/11/15	Replacing vehicle purchased in 2005.
Mexico	09/12/15	Replacing vehicle purchased in 2009.

### Right of Appeal

Should you wish to appeal this decision, you may do so in writing to the Freedom of Information Unit, Department of Foreign Affairs and Trade, 76-78 Harcourt Street, Dublin 2 or by email to [foi@dfa.ie](mailto:foi@dfa.ie). A fee applies for an appeal for access to non-personal information; the level of this fee has been set at €30. For methods of payment, please contact FOI Unit at [foi@dfa.ie](mailto:foi@dfa.ie), or 01-4082857.

You should make this appeal within 20 working days from the date of this notification. However, the making of a late appeal may be permitted in appropriate circumstances. This appeal will involve a complete reconsideration of the matter by a more senior member of staff of this Department.

Yours sincerely,

Peter McHugh

Any and all costs resulting from bank transfers, especially exchange differences, expenses for currency exchange and banking charges shall borne by the Purchaser.

Hereby I order the object of purchase below from Bayerische Motoren Werke Aktiengesellschaft ("BMW") and herewith I agree to the General Terms for the Sale and Delivery ("Terms") found on the reverse side:

Object of purchase	<b>5A31 BMW 520i Sedan</b> according to the enclosed calculation	EUR	30,925.63
Amount	1		
Commitment of the client	The buyer commits to pay the following price:	EUR	30,925.63

**Additional agreements** **Reservation of right to change prices:** BMW reserves the right to amend prices in accordance with No. 12.2. of the Terms for Sale and Delivery.  
**Terms of Payment:** A deposit of 10% of the purchase price is due before BMW confirms the order. The total purchase price is due 8 days after receipt of the notice of the vehicle's readiness to be delivered. BMW will not undertake delivery of the vehicle before having received the full purchase price in advance.

**Country of Final Destination:**  
BMW herewith informs the Buyer that his vehicle is technically designed for the operating conditions and permit requirements prevalent in the country of final destination. If the vehicle is to be operated in another country, it may have to be adapted to any prevailing different operating conditions and permit requirements. If the vehicle does not comply with the homologation requirements in a certain country, the Buyer cannot lodge warranty claims for his vehicle there. This includes in particular, but not exclusively, electric vehicles (EV) and plug-in hybrid vehicles (PHEV). In case the country of delivery or the country of usage does not match the country of final destination of the vehicle (country version/country, where the vehicle will be finally exported to), the Buyer is therefore kindly asked to contact his salesman before the transaction is conducted.

The Buyer knows and acknowledges that he has no claims derivable from material defects if the defect or damage is caused by the fact that the vehicle was operated under conditions for which it is not homologated (e.g. in a country different from the country of first delivery and with different homologation requirements). The same is true if the handling, servicing and maintenance of the vehicle was incorrect for the homologation of the vehicle.

**Conclusion of Contract:** The Purchaser shall be bound by the order for a period of four weeks. The contract shall be deemed as concluded between the Purchaser and BMW as soon as BMW confirms the order in writing or undertakes delivery within the period up to the non-binding delivery date ("Contract"). The Purchaser hereby confirms that the vehicle is not purchased for purpose of resale (No. 12.2. of the Terms for Sale and Delivery). There are no oral or written side agreements modifying or superseding the Contract. The personal data of Purchaser will be stored and processed for the sole purpose of processing the order and customer relationship management.

 03 December 2015  
Date of signature/Buyer

Your purchase order will be forwarded to BMW AG in Munich and BMW AG will check the order. A binding contract is only concluded after BMW AG in Munich has confirmed this order in writing
